Notes:

Since the estimate for this job is over the stipulated NTE amount of \$250.00, We will be waiting on your approval before moving forward with repairs. The estimated price is subject to change based on the date of approval after the submission of this estimate. Delay in approval may also affect the availability of parts and/or the completion date of repair. If we do not receive a reply of either approval or denial of estimate within a week from today, either by phone or email, we will go ahead and charge for the Diagnostic Fee only. You are welcome to contact us within 2 weeks' time from the charge of the Diagnostic Fee if you decide to continue with repairs. We would then only charge for the remainder of the estimate. Please let us know how you would like to proceed.
